

The Big Bang Fair

Yorkshire and Humber

Sponsor the Big Bang Yorkshire and Humber

The biggest one day science fair in the region is coming to Doncaster Racecourse on Tuesday 25 June 2019.

Over 3500 primary and secondary school students are expected to attend the interactive exhibition aimed at engaging young people in science, technology, engineering and maths (STEM) through a fun and educational experience.

Put your organisation in front of local students, teachers and parents to explain and promote what you do. You can inspire young people to study and pursue jobs in STEM and find your future employees!
