

Raising Aspirations is a targeted programme supporting young people to develop the foundational skills and knowledge they need to positively transition into their next phase of education, employment or training. This support includes personalised support and guidance with action-based group learning improving employability and transferable skills and a positive transition to a sustainable post-16 destination. Introduction to providers, employers and role models runs throughout this programme.

**RAISING  
ASPIRATIONS**

12  
Students

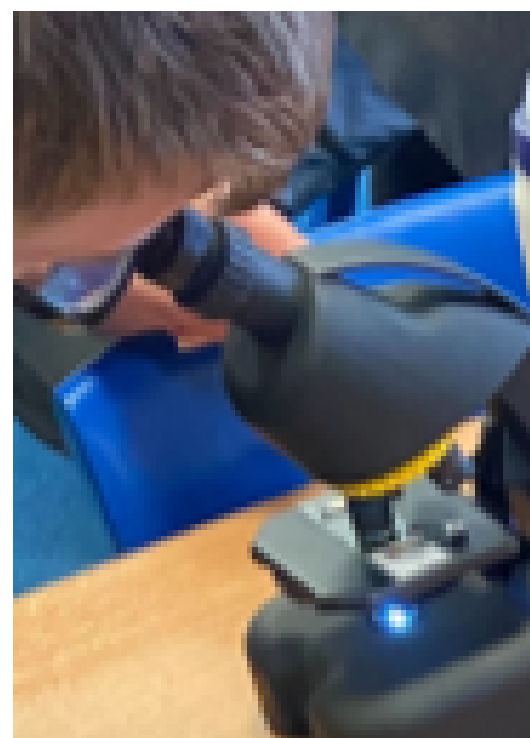

15 or 30  
Weeks

Individual/Group  
sessions

**We're absolutely thrilled with the work our Employability Worker has done with our Year 11 students... their confidence has soared and they are already in an advantageous position for their post-16 pathways.**

School Careers Lead  
(KS4 Employability  
Programme)

## Outcomes

- Raised aspirations and goals for the future.
- Increased confidence in personal skills and abilities.
- Meaningful experiences of the workplace and meeting positive role models.
- A positive transition to a sustainable post-16 destination (if Year 11).
